*“My parents who are in their 90s lived in the same house for 49 years. They decided it was time to downsize and move into a smaller place. This is where Lynne from **Wholly Organized!**® came in and turned the situation from impossible to possible. Lynne knew how to communicate successfully with them right away. She respected their right to self-determination and autonomy, and got the job done in the short window available to us. My parents are settled into their new apartment and we couldn't have done it without Lynne's help.”*
